We have used Synergies Plus Solutions for about two years now for our credit card processing, and we have never been so impressed! We have the best rates we've had in our over 35 years in business, and the staff is absolutely top notch! There hasn't been any issue that one call doesn't take care of. Mark Cavazos has personally been such a great rep; he's quick to check in just to see how things are here and we appreciate his dedication. We look forward to many more years working with Synergies Plus!

Thanks for everything!

A handwritten signature in blue ink, consisting of several overlapping loops and a long horizontal stroke at the end.
